

Iran's Rouhani criticises U.S. for imposing its policies on others

by The Region - 10/06/2018 10:43

Iranian President Hassan Rouhani on Sunday said that U.S. efforts to impose its policies on others are a threat to all, after Washington last month said it was withdrawing from the Iran nuclear deal and would reimpose economic sanctions.

Rouhani, speaking at a summit of the Chinese and Russian-led security bloc the Shanghai Cooperation Organisation (SCO) in the port city of Qingdao, said he appreciated efforts by Beijing and Moscow to maintain the nuclear deal.
