

Turkey hit PKK positions in northern Iraq

by The Region - 01/11/2018 12:44

Turkey's military carried out air strikes in northern Iraq on Wednesday, killing 23 from the Kurdistan Workers Party (PKK), it said on Twitter.

The air strikes targeted several regions in neighbouring northern Iraq, including the Qandil mountains, a PKK stronghold, the military said.

Turkey has in recent months carried out regular strikes on PKK bases in northern Iraq.
